This article outlines the production figure for Volkswagen Buses that were rolled off the production lines in Germany between 1967 - 1979. The table is broken down into figures for each of the VW model types, including; Panel Van, Kombi, Microbus, Double Cab Pickup, Single Cab Pickup and Ambulance.

Please note that the 1967 figures represent the total added production figures for the early Split screen models and the latter Bay Window Volkswagen Buses for that year.

The 1979 figures represent the total added production figures for the Bay Window and Type 3/T25 models for that year.
